

**Lindsay Bender** is a highly respected leader in the aged care industry with a long history of driving operational excellence, strategic growth, and business transformation. Over the years, he has successfully managed and advised some of the sector's largest providers, overseeing large-scale mergers, securing new licences, and leading innovative projects that have reshaped aged care services.

As Director of Tingari Group, Arton Group, and Castalia Group, Lindsay has developed and executed business strategies that have significantly improved financial performance, expanded operations, and enhanced service quality. He has led initiatives covering thousands of aged care and retirement living beds, successfully securing 900+ new licences, and driving business expansion.

Previously, during his tenure at Regis Group, Lindsay played a key role in the integration of multiple aged care businesses, developed high-impact sales programs that drove significant revenue growth, and led the development of over 1,600 new beds across greenfield and brownfield projects. His expertise in stakeholder management has seen him build strong relationships with boards, government departments, and industry leaders, ensuring a seamless blend of compliance, innovation, and quality service delivery.

With a passion for leadership, strategic planning, and risk management, Lindsay continues to make a lasting impact in the aged care sector, helping businesses navigate challenges and achieve long-term success.
